Dion Lee is one of my favourite Australian fashion designers. His experimental construction, combined with traditional tailoring, is exquisite. His architectural silhouettes are so innovative — and modern and sensual at the same time.

## THINGS I LOVE

Kate Walker is the founder and director of KWD, and the newly launched KWD & Co, a platform that makes interior design accessible to anyone, on any budget. Kate is respected for her unrivalled knowledge of hard finishes and for her innate sense of style

KWD & Co's Italian oak timber flooring is sublime. The collection has been hand-selected for the tone, the grain, the vein, the knots and the finish. It's the finest quality, easy to care for, and has the lowest VOCs in the marketplace.

A Kay Parris magnolia is love in a flower. Its blooms are so prolific in late spring. The flowers don't last long in a vase, but the foliage does and it's beautiful too.

7

Furniture by Palecek is high on my wish list. Its stunning designs are inspired by the intrinsic beauty of natural materials and the company works with artisans from around the world to create a signature style that marries centuries-old tradition with distinctly modern finishes.

My children and I love the snow. We spend much of our winter weekends at Mt Buller, and Christmas is quite often spent in the mountains of Colorado, which are breathtakingly beautiful.
